

Linked Systems 2010 for GoldMine® (**Linked Systems**) provides integration between **GoldMine®** and Microsoft Dynamics GP® (**Great Plains**). This eighth-generation product provides five major integration points:

- **Look up Accounting Data**
- **Order Entry from GoldMine**
- **Bi-directional synchronization**
- **Target Marketing and Promotions**
- **Credit card processing**

ONE CLICK ACCESS FROM GOLDMINE

ADD A GREAT PLAINS TOOLBAR TO GOLDMINE: Linked Systems 2010 adds a customizable toolbar on the left side of GoldMine with buttons to synch, look up Great Plains information and enter orders. We can add any button you need to this toolbar.

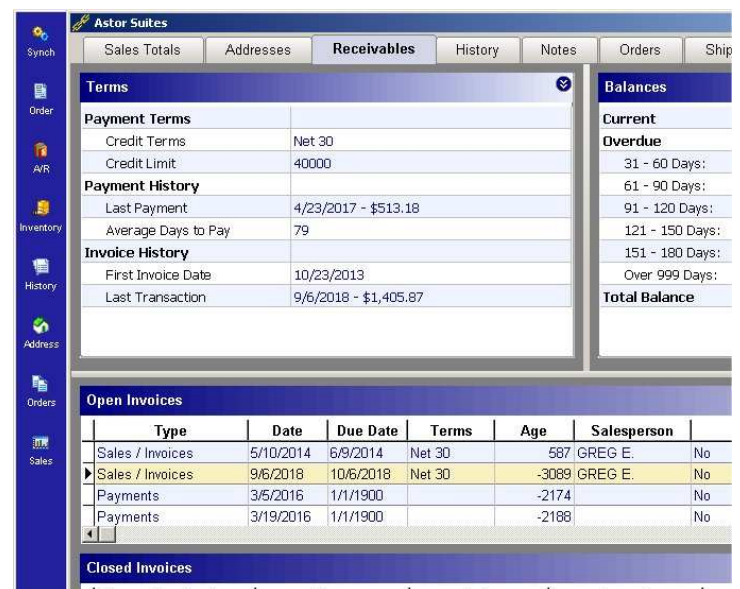

LOOK UP ACCOUNTING DATA

LOOK UP REAL-TIME INFORMATION: View live Great Plains customer, order, inventory and purchase order information right from GoldMine. The information is displayed on another set of tabs just like the ones you're used to seeing in GoldMine.

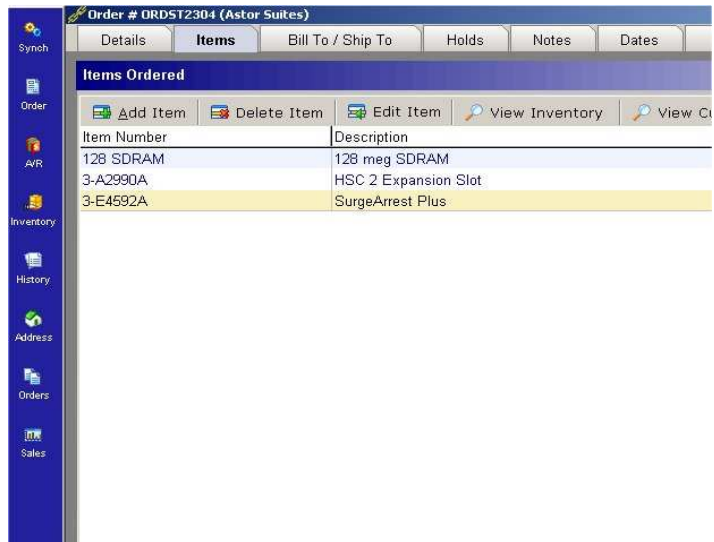

REPRINT ORDERS: Easily print and email orders/invoices right from GoldMine.

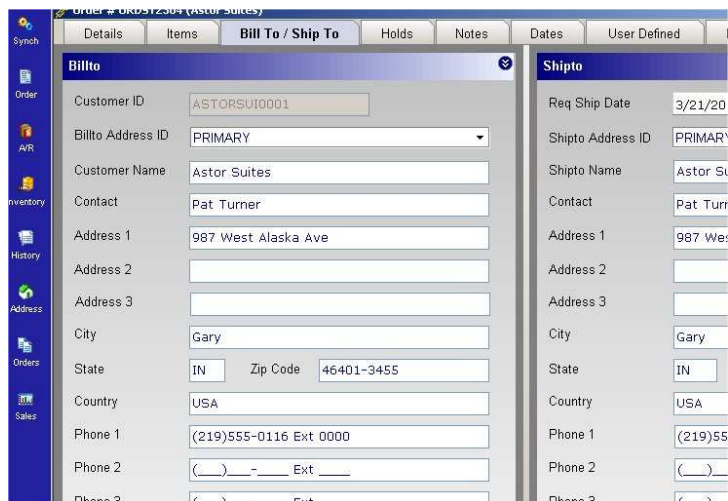

ORDER ENTRY FROM GOLDMINE

ENTER ORDERS LIVE FROM GOLDMINE: Enter orders and invoices right from GoldMine. Orders are added into Sales Order Processing immediately, as if they were entered directly within Great Plains.

Item Number	Description
128 SDRAM	128 meg SDRAM
3-A2990A	HSC 2 Expansion Slot
3-E4592A	SurgeArrest Plus

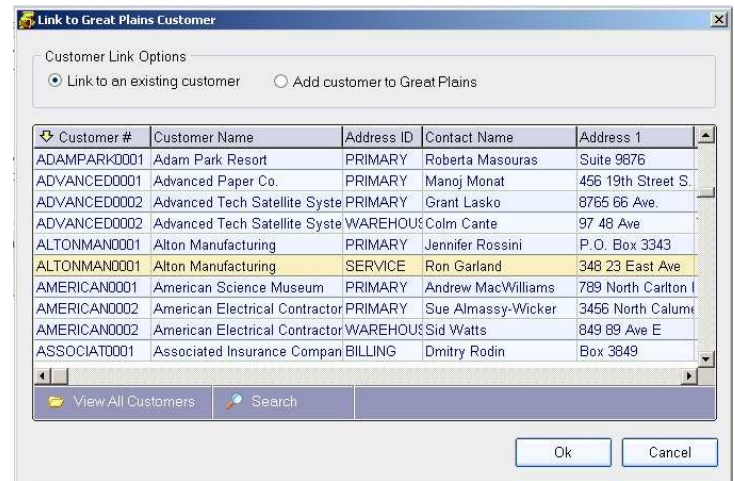

ENTER ORDERS FASTER: Billto/shipto and other critical information is automatically entered for the user. Users can then focus on entering line items and completing the order.
